

FIGARO FRONT OFFICE

Enquiries 2

About the course

The purpose of this course is to provide in-depth knowledge of the advanced functionality in the FIGARO Front Office Enquiries program relevant to either front or middle office personnel. The course is based on everyday scenarios and includes a hands-on element using a generic FIGARO system. A quick quiz will conclude the course.

Course Objectives

On completing the course, the successful delegate where relevant, will be able to:

- Create journal requests and cash withdrawal requests for clients
- Generate single or mail-merged letters in FIGARO utilising data from lists
- View, create and modify events and actions in the CRM screen as well as in the CRM/Workflow application
- Understand any additional Client List sub-tabs relevant to their business
- View client Orders
- Save Grid and Filter settings
- Understand and utilise the hierarchy view and modelling functions in Valuations
- Understand and utilise the CGT current position and Whatif? functionality
- Understand and utilise the Performance information
- Use the contract calculator for simple, interest bearing and reverse calculations

Who should attend the course?

- This course is designed for both front and middle office personnel who already possess a basic knowledge of FIGARO Front Office Enquiry
- It is suitable for both new users and those experienced users who have learnt on the job and want to fill gaps in their knowledge

Course Prerequisites

- Delegates should have passed FIGARO Front Office Enquiries 1
