

# FIGARO ORDERS

## For Dealers

### About the course

The purpose of this course is to provide Dealers with the ability to efficiently deal orders in the FIGARO system. The course is based on everyday scenarios and includes a hands-on element using a generic FIGARO system. A quick quiz will conclude the course.

### Course Objectives

On completing the course, the successful delegate where relevant, will be able to:

- Understand the difference between an order and a contract
- Understand the lifecycle of orders
- Sort and find orders
- Understand bulk orders with market and the underlining client trades
- Create a new order
- View and customise the dealer's grid
- Capture and un-capture orders
- Deal simple client orders and raise/invest orders
- Execute multi-deals, RSP deals and aggregate deals
- Reject and amend orders including messages to the originator of the order
- Understand the different Dealer Modes in the system.

### Who should attend the course?

- This course is designed for Dealers who need to be able to deal orders in the FIGARO system
- It is suitable for both new users and those experienced users who have learnt on the job and want to fill gaps in their knowledge

### Course Prerequisites

- It would be an advantage if delegates have attended FIGARO Front Office Enquiries 1 but not essential
